SLEEPING SNOW BROWN & THE SEVEN DUDES (^{SLEEPING BEAUTY w/} SNOW WHITE & THE SEVEN DWARFS)

There once was a beauty Queen named SNOW. She was highly intelligent with many friends, and her mother married a rich man named MR. BROWN. Since SNOW BROWN loved the woods & outdoors she spent many days in the forest preserve in Chicago, Illinois.

SNOW BROWN was popular with many of friends while seven dudes stuck by her side, and hung on her every word. Other bad chicks hated on SNOW BROWN seeing as though she never wore red bottom shoes, nor weave, nor false eyelashes. Yet she kept the eye and attention of any man around her. One dame piece chick named Brittany was so racist she hated SNOW BROWN. Then there was FRANCESCA who cursed SNOW out in French every chance she got. The cruelest of all girls was LITHUANZA, she was a drug dealer acting as a United Nations Ambassador for her front job.

Brittany, FRANCESCA, and LITHUANZA convinced SNOW BROWN to attend a bar-b-que cook out at the forest preserve one Saturday. SNOW BROWN'S SEVEN HOMIES: TINY, SHAWTY, LIL FELLA, LIL DUDE, HALF PANT, PEE-WEE, and MIZ-ME. All enjoyed the food and drinks. As the sun set, PEE-WEE saw SNOW BROWN'S eyelids droop lower & lower. As everyone began packing up their launchers, ice coolers, and bar-b-que grills, TINY was tapping SNOW on her face cheek to awaken her.

Not one person called an ambulance, and none of

the party goes notified the police. But Brittany called Mr. Brown and informed him that he could find Snow Brown hard asleep in the forest preserve.

Two weeks later, Snow Brown was still sleep and in quarantine at that same forest preserve. The seven dudes were all indicted, charged as adults, but held in juvenile facilities due to their heights. A Trump appointed federal judge announced although no arrest reports nor witnesses existed, all seven defendants would be held indeternminately. Thanks to the no-snatching policy of stand up dudes, Lithuania got away scott-free with doping up Snow Brown. Only the bar-b-que guests knew it was a heavy dose of pure horse that smacked Snow into an irreversible sleep. Yet no one said a word, because they knew David Duke and Donald Trump would address the opioid problem in America swiftly, which would benefit Snow eventually.

Out of the seven dudes Temy was the only one finally charged with rape, kidnapping, and contributing to the delinquency of a minor. It was the third trimester of Snow's pregnancy which allowed the law mandated extraction of D.N.A from Temy to match him as the father. Temy pled guilty to all charges although Snow was a thirty year old adult, and their relationship, though in secret, was consensual. The other six dudes were deported seeing as though they were all anchor babies. The Brown family had been holding vigils and prayer services over their child for years. But it was when an Islamic Imam began praying over her swollen belly that Snow Brown abruptly sat up. "Please stop your surahs over me, don't pray like that, I don't want my baby banned from America", she pleaded.
